

Join the National Amyotrophic Lateral Sclerosis (ALS) Registry

The National ALS Registry will help give a better picture of who gets ALS and risk factors for the disease. It will also help researchers get better information on the number of people with ALS. You can join if you have ALS and are a citizen or legal resident of the U.S. It only takes about 5 minutes.

While you will receive no direct benefits from joining, visit the Registry Web page for useful information on clinical trials and clinics.

Join the National ALS Registry at www.cdc.gov/als or call 1-877-442-9719 for more information.
