

FY2013

Centers for Disease Control and Prevention
Fiscal Year 2013 Grants Summary Profile Report for

South Dakota

This profile includes selected CDC grants and cooperative agreements provided to health departments, universities, and other public and private agencies in South Dakota. Refer to the "About the Data" section below for important qualifying statements about the data.

2013 Population Estimate: 844,877
Timeframe: 10/01/12 - 09/30/13

CATEGORY	OBLIGATED AMOUNT	PERCENTAGE
Birth Defects, Developmental Disabilities, Disability and Health	\$95,883	0.4%
Chronic Disease Prevention and Health Promotion	\$4,902,074	21.3%
Infectious Diseases	\$3,472,827	15.1%
Injury Prevention and Control	\$294,800	1.3%
Prevention and Public Health Fund/Other ACA Funds	\$994,612	4.3%
Preventive Health and Health Services Block Grant	\$167,898	0.7%
Public Health Preparedness and Emergency Response	\$3,960,564	17.2%
Public Health Scientific Services	\$236,300	1.0%
Vaccines for Children	\$8,884,996	38.6%
Grand Total	\$23,009,954	100.0%

CATEGORY & SUB-CATEGORY	OBLIGATED AMOUNT
Birth Defects, Developmental Disabilities, Disability and Health	\$95,883
Health and Development with Disabilities	\$95,883
Chronic Disease Prevention and Health Promotion	\$4,902,074
All Other	\$124,538
Cancer Prevention and Control	\$3,294,991
Diabetes	\$218,385
School Health	\$51,105
Tobacco	\$1,213,055
Infectious Diseases	\$3,472,827
Emerging Infectious Diseases	\$233,237
Food Safety	\$24,414
HIV/AIDS, Research and Domestic	\$1,276,510
Immunization Programs	\$1,051,130
Influenza	\$112,855
Sexually Transmitted Diseases	\$267,660
Tuberculosis	\$275,358
Vector-borne Disease	\$231,663
Injury Prevention and Control	\$294,800
Intentional Injury	\$84,806
Unintentional Injury	\$209,994
Prevention and Public Health Fund/Other ACA Funds	\$994,612
Community Transformation Grants (CTG)	\$812,383
Epidemiology and Laboratory Capacity Program	\$91,272
Healthcare Associated Infections	\$90,957
Preventive Health and Health Services Block Grant	\$167,898
Public Health Service Block Grants	\$167,898
Public Health Preparedness and Emergency Response	\$3,960,564
Hospital Preparedness Program (HPP) and Public Health Emergency Preparedness (PHEP)	\$3,960,564

FY2013

CATEGORY & SUB-CATEGORY

OBLIGATED AMOUNT

Public Health Scientific Services	\$236,300
Surveillance, Epidemiology, and Public Health Informatics	\$236,300
Vaccines for Children	\$8,884,996
Grant Awards	\$398,968
Vaccine Purchases	\$8,486,028
Grand Total	\$23,009,954

24	Infectious Diseases	Influenza	South Dakota Immunization Program	South Dakota State Dept of Health	Pierre	Hughes	SD-000	93,411
25	Infectious Diseases	Sexually Transmitted Diseases	Ps09-902 Comprehensive Std Prevention Systems (Csps)	South Dakota State Dept of Health	Pierre	Hughes	SD-000	267,660
26	Infectious Diseases	Tuberculosis	Statewide Tb Control Program And Laboratory Services.	South Dakota State Dept of Health	Pierre	Hughes	SD-000	275,358
27	Infectious Diseases	Vector-borne Disease	Elc: Non-Pphf	South Dakota State Dept of Health	Pierre	Hughes	SD-000	231,663
28	Injury Prevention and Control	Intentional Injury	South Dakota Rape Prevention Education Grant	South Dakota State Dept of Health	Pierre	Hughes	SD-000	84,806
29	Injury Prevention and Control	Unintentional Injury	Effective Strategies To Reduce Motor Vehicle Injuries Among American Indians/Alas	Oglala Sioux Tribal Council	Pine Ridge	Shannon	SD-000	70,000
30	Injury Prevention and Control	Unintentional Injury	Effective Strategies To Reduce Motor Vehicle Injuries Among American Indians/Alas	Rosebud Sioux Tribe	Rosebud	Todd	SD-000	69,994
31	Injury Prevention and Control	Unintentional Injury	Effective Strategies To Reduce Motor Vehicle Injuries Among American Indians/Alas	Sisseton-Wahpeton Sioux Tribal Council	Agency Village	Roberts	SD-000	70,000
32	Prevention and Public Health Fund/Other ACA Funds	Community Transformation Grants (CTG)	South Dakota Community Transformation Grant Application 09 Category B-Implementat	South Dakota State Dept of Health	Pierre	Hughes	SD-000	812,383
33	Prevention and Public Health Fund/Other ACA Funds	Epidemiology and Laboratory Capacity Program	Elc: Pphf	South Dakota State Dept of Health	Pierre	Hughes	SD-000	91,272
34	Prevention and Public Health Fund/Other ACA Funds	Healthcare Associated Infections	Elc: Pphf	South Dakota State Dept of Health	Pierre	Hughes	SD-000	90,957
35	Preventive Health and Health Services Block Grant	Public Health Service Block Grants	Preventive Health Services	South Dakota State Dept of Health	Pierre	Hughes	SD-000	167,898
36	Public Health Preparedness and Emergency Response	Hospital Preparedness Program (HPP) and Public Health Emergency Preparedness (PHEP)	Tp12-1201 Hpp And Phep Cooperative Agreements	South Dakota State Dept of Health	Pierre	Hughes	SD-000	3,960,564
37	Public Health Scientific Services	Surveillance, Epidemiology, and Public Health Informatics	Epidemiology And Laboratory Capacity	South Dakota State Dept of Health	Pierre	Hughes	SD-000	56,624
38	Public Health Scientific Services	Surveillance, Epidemiology, and Public Health Informatics	Surveillance Program Announcement: Behavioral Risk Factor Surveillance System	South Dakota State Dept of Health	Pierre	Hughes	SD-000	179,676
39	Vaccines for Children	Grant Awards	South Dakota Immunization Program	South Dakota State Dept of Health	Pierre	Hughes	SD-000	398,968
40	Vaccines for Children	Vaccine Purchases	Not Applicable	South Dakota State Dept of Health	Pierre	Hughes	SD-000	8,486,028

**Data Included**

- The grants and cooperative agreements data in this report include actions awarded (i.e., obligated funds) domestically in fiscal year 2013 (10/1/12 to 9/30/13) from CDC's annual appropriation and Prevention and Public Health Fund (PPHF)/Other ACA Funds.
- CDC revised its approach to categorizing the data in FY13—specifically, by CDC budget line versus subject area or focus of the funding—so that the data is organized by which CDC appropriation account was used to make the investment. This affected where individual continuing projects fell within the data set and changes in some categories and subcategories.
- Because the data includes funds obligated in 2013, it includes funding authorized through legislation passed in previous years, but only the amount actually obligated in FY2013.
- The primary purpose of the Vaccines for Children (VFC) program is to provide vaccines to eligible children. Thus, the VFC totals for each state and territory funded include the value of the federally-purchased vaccines distributed to each grantee's VFC-participating healthcare providers.
- The Section 317 program provides immunization infrastructure/operations grants and federally-purchased vaccines to 99 grantees, including all 50 states and territories. The Section 317 totals for each state and territory include the immunization infrastructure/operations grants, but not the value of the federally-purchased vaccines distributed to each grantee's VFC-participating healthcare providers.

Data Excluded

- This data does not include any CDC expenditures, above such as contracts, personnel, direct assistance, or other CDC operational and administrative costs, other than those noted above.
- The following grants and cooperative agreements data were outside the scope of this profile and were excluded: funding of International activities, Reimbursable Agreements (funds from other federal agencies to support their missions), Cooperative Research and Development Agreements, Royalties, User Fees and Intra-Departmental Delegation of Authority funds (fund transfers to CDC from DHHS), PEPFAR (President's Emergency Plan for AIDS Relief), Gifts and Donations, Global Health funds, Business Services Support funds and Buildings and Facilities funds.

Therefore, this data does not reflect CDC's total appropriations in any given area.

Data Sources

- Funding Data - CDC Procurement and Grants Office (for grants and cooperative agreement data) and the CDC National Center for Immunization and Respiratory Diseases (for Vaccines For Children data)
- United States, the District of Columbia and Puerto Rico - the 2010 U.S. Census, updated with 2013 estimates at <http://www.census.gov/popest/data/state/totals/2013/>
- For all other geographies - 2013 data from the United Nations <http://www.indexmundi.com/g/>

Data Interpretation and Use

- CDC revised its approach to categorizing the data in FY13—specifically, by CDC budget line versus subject area or focus of the funding—so that the data is organized by which CDC center, institute, or office, or ATSDR made the investment. This affected where individual continuing projects fell within the data set and changes in some categories and subcategories.
- In FY2013, in accordance with the Budget Control Act of 2011, a series of spending cuts, called sequestration, cancelled approximately \$85 billion in budgetary resources across the Federal government for the remainder of the Federal fiscal year. For information about the impact of sequestration on CDC activities, please see Sequester Impacts and FAQs.
- These data are useful as a snapshot of CDC grant and cooperative agreement funding provided to states and territories by CDC budget line. However, caution should be used in interpreting these variations. Several of the reasons for variations are (1) not all eligible states or territories apply for every program opportunity, (2) most federal funding is awarded via a competitive or merit-based process and not all states or territories that apply are funded for every program, and (3) some funding is allocated according to a pre-set formula (such as per capita allocation or a need-based funding allocation), which is sometimes specified in law.
- Users of this site and data should be aware of various factors that make comparisons of data between jurisdictions and by per capita difficult to interpret and may lead to inaccurate conclusions in the absence of more in-depth study. Some of those factors include the following:
 - CDC has many different grant types with differing application eligibility and award criteria such as population disease burden, per capita formula-based, competitive based on proposal merit, non-competitive, etc.
 - Awards made to an entity will typically reflect the geographic location of the entity's official business or billing address such as a State capitol for a State government award. The awards therefore will not reflect the actual geographic application of the funds by the grantee in carrying out the purpose of the grant.
 - CDC makes awards to various national associations that carry out national public health programs that have nationwide impact; however, the awards will be reflected in the geographic jurisdiction of the association's main office.
 - In addition, there may be variation across years for where a program/activity resides in CDC's organizational and budget structure. Funding sources linked to a particular program/activity may also vary year-to-year. Therefore, it is possible for a multi-year project to fall into one category or sub-category one year and into another the next. In addition, funding categories may be added or deleted as CDC's budget changes year to year (e.g., funding categories are deleted because their shorter-term funding sources expire). This makes 1:1 comparisons of one year's set of projects to another year's set of projects under each category or sub-category a challenge.
