Data Source: The American Community Survey (ACS) 2013 annual Public Use Microdata Sample (PUMS) file (http://www2.census.gov/acs2013_1yr/pums/), the latest available file after data collection in the 2013-2014 survey cycle. This source was chosen over the previously used CPS data since the ACS provided more precise totals for the Asian population. Note that "Asian" includes all persons having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Phillipine Islands, Thailand, and Vietnam.

Data Source: The American Community Survey (ACS) 2013 annual Public Use Microdata Sample (PUMS) file (http://www2.census.gov/acs2013_1yr/pums/), the latest available file after data collection in the 2013-2014 survey cycle. This source was chosen over the previously used CPS data since the ACS provided more precise totals for the Asian population. Note that "Asian" includes all persons having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Phillipine Islands, Thailand, and Vietnam.

Data Source: The American Community Survey (ACS) 2013 annual Public Use Microdata Sample (PUMS) file (http://www2.census.gov/acs2013_1yr/pums/), the latest available file after data collection in the 2013-2014 survey cycle. This source was chosen over the previously used CPS data since the ACS provided more precise totals for the Asian population. Note that "Asian" includes all persons having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Phillipine Islands, Thailand, and Vietnam.
