- a. Interview mode: In-person household interview
- b. Target age: 1+ years (proxy interview for 1-15 years old)
- c. FCBS core module includes two parts:
  - 1. Family level questions
    - 44 questions administered as part of the NHANES household family questionnaire
    - Includes 13 questions in the Consumer Behavior Section (CBQ), 6 questions in the Income Section (INQ), and 9 questions in the Food Security Section (FSQ)
  - 2. Sample person questions
    - 19 questions included as part of the Dietary Behavior Section (DBQ) in the NHANES household SP questionnaire
- d. New in the 2017-2018 FCBS core module
  - 1. Additional questions on the role of meal planning/food shopping:
    - 6 family-level questions were added to the CBQ to identify the person(s) in the family with the meal planning/food shopping role. Responses to these questions are used to identify proper respondent (i.e., adult family member who is responsible for the meal planning/food shopping in the family) to answer the FCBS phone follow-up module for child respondents aged 1-15 years.
    - 4 personal-level questions were added to DBQ to ascertain the meal planning/food shopping role the adult survey participant (aged 16 years and older) has in the family. These are the same questions used in 2007-2010.
  - The series of questions on the use of nutrition information in fast food places and restaurants has been modified and expanded and moved to the FCBS phone followup module in 2017. Therefore, the original 9 questions (CBQ505-CBQ590) from 2013-16 cycles were deleted.
  - 3. Updated the prefills for the monthly income questions INQ238 and INQ241 with the HHS 2016 poverty guidelines.
